

29th Annual Conference of Indian Association of Surgical Gastroenterology

IASGCON 2019, 9–13 October 2019

AIIMS, New Delhi

List of Awards

Abstract ID	Authors	Title	Category
<i>Award paper</i>			
4302	Sameer Gupta	Study of tumor transglutaminase 2 expression in gallbladder cancer—Is it a novel predictor of survival?	Best Paper
<i>Special Mention Posters</i>			
3968	Jayapala Reddy Velagala	Is robotic donor hepatectomy the way forward?	SMP-1
4485	Inbaraj Balradja	Reducing lateral segment grafts medially improves outcome in liver transplant for less than 10 kg of weight babies	SMP-2
<i>Award video</i>			
4467	Manish Harinarayan Upwanshi	Combined living donor liver transplantation with reconstruction of neo atrium and IVC for inflammatory myofibroblastic tumour of the liver	Best video

<i>Free paper</i>			
4081	Lakshay Singla	Corrosive pharyngo-esophageal stricture: A challenge to surgeon—A tertiary center experience.	Free Paper-1
4168	Pradeep Joshi	Outcome of antropyloric transposition and gluteus maximus (composite graft) in adult patients with high ARM	Free Paper-2
4392	Vikash Moond	Biliary surgery in portal biliopathy: Short and long-term outcomes	Free Paper-3
4491	Prashant Bhangui	Tumor biology in patients with NAFLD-associated HCC: FDG-18 PET avidity predicts recurrence after living donor liver transplantation whereas AFP does not	Free Paper-4
<i>Oral videos</i>			
4487	Sanjay Kumar Yadav	Ex-vivo organ perfusion in DBD donors using the live donor harvest technique: A novel approach to simplify the retrieval, and reduce cost and procurement injuries	Oral video 1
4117	Fadl H Veerankutty	Laparoscopic anterior resection for rectal bleeding in Klippel Trenaunay syndrome—a video vignette	Oral video 2
<i>E-videos</i>			
4322	Vinodini Panneerselvam	Robot assisted modified Heller's myotomy with Dor's fundoplication for achalasia cardia	E-Video-1

4251	Arunkumar M L	Parenchyma preserving resection and drainage in CCP with Ca neck of pancreas	E-Video-2
4092	Gopalkrishnan G	The technique of fourth jejunal artery based pedicled jejunal conduit for robot assisted esophagojejunostomy after esophagogastrectomy	E-Video-3
4513	K Ramachandra Naidu	An innovative approach to treat rectovaginal fistula	E-Video-4
4353	Manoj Kumar Ayyappath	Laparoscopic single stage low anterior resection with bladder resection in advanced distal carcinoma sigmoid colon and rectum	E-Video-4
3980	Ajit Pai	Total anterior parietal peritonectomy	E-Video-5
4425	Jitendra Mistry	Laparoscopic treatment of median arcuate ligament syndrome	E-Video-6
4250	Arunkumar M L	Parenchyma preserving liver resection for type IVA choledochal cyst with cholangiocarcinoma	E-Video-7
4253	Arunkumar M L	EHPVO with portal biliopathy and bleed: Shunt and hepaticojejunostomy in one go	E-Video-8
<u>Posters</u>			
4239	Ashwitha Ravi	Broncho-esophageal fistula following pulmonary tuberculosis and options for management	Esophagus
3958	Rajeevan Philip Sridhar	Exocrine pancreatic insufficiency following gastrectomy for gastric adenocarcinoma	Stomach-1

4341	Rajeevan Philip Sridhar	Quality of life in patients undergoing gastric resection for malignancy	Stomach-2
4279	Kevin A	Association between serum 25-hydroxy vitamin D levels and gastric adenocarcinoma: A cross sectional study	Stomach-2
4087	Rohith M	Ischemic small bowel stricture—A series of four cases.	Intestine-1
4346	Ashish Shrivastava	Lower gastrointestinal bleeding (LGIB): Our experience of 3 decades	Intestine-2
4199	Raghav Bansal	Third trimester pregnancy with acute liver failure and massive lower gastrointestinal bleed	Colon rectum-1
4104	Sanjeev Kumar	Is adjuvant chemotherapy necessary for locally advanced rectal cancer patients with pathological complete response after neoadjuvant chemoradiotherapy and radical surgery?	Colon rectum-2
4329	Varun Nagpal	Immuno-histochemical markers as predictors of histopathologic response in rectal cancer treated with neoadjuvant therapy	Colon rectum-3
3986	Sakthivel Harikrishnan	Chronic Budd Chiari syndrome—role and effectiveness of portal decompressive surgical shunt procedures—a tertiary care centre experience	Liver-1
4101	Venkanna Babu Akula	Single blinded randomised controlled trial of sustained release tacrolimus vs twice daily tacrolimus in adult LDLT	Liver-2
4470	Mitul Mukesh Shah	Strategy and outcomes of portal vein embolization for making major liver resections feasible and safe: A single centre experience	Liver-3

3982	Nishant Kumar Malviya	Double gall bladder—a rare congenital anomaly, presenting with symptomatic cholelithiasis in the smaller moiety. A case report and review of literature	Biliary-1
4315	Murugappan Nachappan	Hepatectomy for complex iatrogenic biliary strictures; 18 year experience from a tertiary centre from North India	Biliary-2
4363	Amit Javed	Laparoscopic surgery for post cholecystectomy benign biliary stricture	Biliary-3
4139	Vaibhav Kumar Varshney	Continuous glucose monitoring during enucleation of insulinoma in multiple endocrine neoplasia-1: Can it predict complete removal?	Pancreas-1
3959	Mayur Prakash Porwal	Long term outcomes of surgery in chronic pancreatitis	Pancreas-2
4351	Kapil Sharma	Pancreatic cystic neoplasm (body and tail): Our experience	Pancreas-2
4130	Kanchan Ashok	Solitary pseudopapillary neoplasm of pancreas—A tertiary care centre experience over past 5 years	Pancreas-3
4295	Venu Bhargava Mulpuri	Role of anatomic factors in predicting the post-operative pancreatic fistula	Pancreas-4
4156	Sindhu Radha Sadasivan Nair	Neutrophil lymphocyte ratio and platelet lymphocyte ratio: Diagnostic testing and predictive values in adenocarcinoma arising in chronic calcific pancreatitis	Pancreas-5
4502	Suresh Kumar	Abdominal paraganglioma—9 year experience of GI surgical unit	Miscellaneous-1

4357	Souvik Paul	A study of the response of inflammatory cytokines in Indian obese patients with NAFLD undergoing bariatric surgery	Miscellaneous-2
4441	Mayank Mathur	Why patients chose a particular gastrointestinal surgery unit in Delhi. A prospective questionnaire based investigation.	Miscellaneous-3
